Dear Wayne,

I am enclosing the Annual Report for Year 2002 on Blue Castle, and Black Knight per your request. However I just wanted to let you know this is the first request I have received. I am enclosing a copy of the prior letter that I received back on December 2002, which requested Information for the Black Butte Mine along with a blank form to complete, which I did so and returned on 1-23-03. I don't have blank forms to complete each year, so I rely on my request from your office along with a new batch of blank forms each year. In the years prior, I have always received a letter of request along with blank forms, just as this last one was sent.

I do apologize for any misunderstanding this has caused and in the future I will remit new Annual Reports for each mine site. I have made extra blank copies of the form that needs to be filled out so this doesn't happen again.

Again, please except my apology.

Best regards,
